

28th Annual Activity Professional Weekend Retreat

VIRTUAL

October 19 & 20, 2024

13.5 Contact Hours of Education

Who Should Attend: This weekend retreat offers activity directors, activity assistants, volunteers and facility staff a chance to network and attend educational programs to enhance quality of life with their residents/clients.

Continuing Education: This weekend retreat provides 13.5 contact hours of continuing education which will be accepted by the National Certification Council for Activity Professionals (NCCAP) and the Activity Professionals National Credentialing Center (APNCC); however, these hours may or may not be accepted by other entities or certifying bodies.

General Information: Due to the aftermath of the several year pandemic this retreat will be offered virtually as the camp site does not allow for much physical distancing. This year we have some new presenters and looking forward to great learning experience for Activity Professionals from all levels of care.

Participants can choose to attend the **live** Activity Professional Weekend Retreat (via Zoom) or **request recordings** of the entire retreat—so they are able to watch the educational sessions and then complete a quiz of understanding in order to receive a continuing education certificate.

Saturday, October 19, 2024
